Phil's Pet is Loose Again!

Terrifying Monster Baffles Local Police

by Gus Tenderfoot

Local Police were baffled today when Phil Ulmen's Pet dragon crashed through its fence and started a rampage through the streets of Bedford Falls. While no human casualties were reported a den of extra crispy local skunks weren't so lucky. Damage to local crops, coal yard, misc businesses and homes is estimated at 75 dollars. Fortunately Phil Ulmen was able to get the dragon back in its yard with no further incidents.

"It just isn't fair" commented Deputy Lord Bowler. "All we got is a 3 foot net for animal control. How are we supposed to stop this beastie?"

Local Commentary

by Gus Tenderfoot

"I still think the major is doing a terrible job at getting that Horse Manure off the streets. I think he's got to go!"

Roco Johnson - Saloon owner

"This town is nuts! A Green Dragon roaming the streets of Bedford Falls? I didn't believe that story about a Tall Wookie, Starships and a galactic empire either!"

Lushford T. Johnson - Town Drunk
